

REMARKS

Claims 22-23, 28-36 and 38-44, as amended, appear in this application for the Examiner's review and consideration.

Applicant appreciates the indication of allowable subject matter in claims 37-44. Without commenting on the appropriateness of the rejections, claim 22 has been amended to incorporate the recitations of claim 37 to facilitate examination. For this reason, claims 24-27 and 37 have been cancelled. Thus, all claims should now be allowed.

Regarding the double patenting rejection, as the parent application has not been allowed, so the provision has not occurred and that rejection should be withdrawn.

It is believed that the entire application is now in condition for allowance early notice of which would be appreciated.

Respectfully submitted,

Date: 3-15-07
